

OUR VISION AND MISSION STATEMENTS

Our vision

Our vision is to educate students who are globally-minded, compassionate, confident and kind. Copperfield students will be academically skilled; fluent in multiple languages; accomplished writers and communicators; artistically driven and knowledgeable; scientifically aware and trained; emotionally resilient; physically fearless; generous of spirit and skill; leaders who know how and when to follow.

Above all, Copperfield students will be designers of their own lives and of a better world for others.

We are building a world-class leading academic institution where promising students and extraordinary teachers will unite in pursuit of academic excellence and human curiosity.

Our mission

Our mission is to teach young people to live with compassion and courage, developing the moral compass, strength of character and technical skill that they will need, whatever they wish to do. We will achieve this by adhering to six fundamental principles.

Our values

1. Engaging in dialogue
2. Sharing leadership
3. Sharing accountability
4. Creating favourable learning conditions
5. Focusing on learning
6. Developing collective resilience
