Fantastic sunset from Flore!

Film and charity event on Thursday

Saturday shopping trip

Dear Parents

The second half of this term is going by fast and life in Chalet Flore remains busy and action packed.

This weekend, there was a trip to Lausanne. The students enjoyed lunch out and the opportunity for some shopping. Our regular skiers and boarders were up early to make the most of the fresh snow that fell mid week making conditions "piste perfect!"

On Thursday evening, there was a double film screening by Faction entitled "Roots" and "Abstract" This was well attended and coupled with a charity raffle. Mert and Barack were selling raffle tickets at the event and did a great job.

A music ensemble on Sunday evening was initiated by Barack and Deniz. A few old classics were played including House of the Rising Sun. Deniz invited two friends for a sleepover on Saturday night and had a fun time. Overall, the weekend was a chilled and relaxing catch up for all.

Our gym equipment is arriving by the day, a punch bag and pull up bar are ready to be installed. We hope by next weekend's newsletter we will have some photos to show you of it being used .
