

Le Chalet de Flore

Dear Parents

We are over half way through March and there is a definite spring like feeling in Verbier. Lighter mornings and later sunsets continue to be spectacular.

Last Tuesday, all the secondary students visited CERN, the European Organisation for Nuclear Research, which is one of the world's largest and most respected centres for scientific research.

During the week Paul Ludlow from Dukes Education joined us for dinner and spent time chatting with our boarders about life in Chalet Flore and their school experiences. This was part of an internal appraisal and standards visit which went well. Paul will be back in a few weeks for an internal audit.

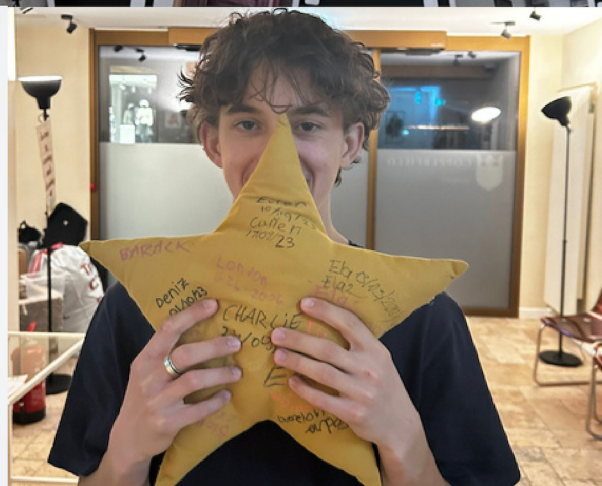

Our seniors have been helping younger students not just with homework, but engaging in interesting discussions. One of the strengths of boarding life is the opportunity of multicultural living and shared experiences.

Our gym is evolving by the day. The flooring has arrived and has been constructed, ready for the multi gym, free weights and Pliates equipment. Watch this space

Le Chalet de Flore

18th March 2024

The week ahead

This coming Saturday, the students will have the option of skiing or a trip out to Crans Montana and Alaia Chalet

If your son or daughter is not planning being in house next weekend, please confirm this by Wednesday 20th March midday.

Future dates

Easter weekend 29/3-1/4. Thank you for your updates and we will put a plan in place for those boarders with us over the 4 day break

Spring Holiday

Departure day Friday 5th April
Return day Monday 22nd April before 6pm

We wish you all a great week. Please do not hesitate to contact us if you have any questions or concerns.

The chalet mobile number is +41 78 202 42 14. Please use this number for contacting us or by the usual email.

Loise, Sho and Bea

STAR of the week is...

London

for his superb timekeeping, organisational skills, support for others and positive energy .

Room of the week

Parhamgreat job!
