

COVID POLICY

Faced with the worrying progression of the COVID pandemic, Staff are asked to adopt the following measures in order to protect themselves and the rest of the School community:

- Staff are asked to present their COVID Certificate, with details of which vaccine/recovery, to the Head Teacher. If they do not present their certificate, they must wear a surgical mask during the school day.
- All Staff and students will be tested twice a week. The dates for these tests can be found in the school calendar.
- Staff and students over 12 years of age, using the school minibuses or transporting students in private vehicles, must wear a mask during the journey.
- Staff are required to wear a mask if they are working in a confined space (within 1.5m of another member of staff).
- Any visitors (parents, prospective families, deliveries, workmen and so on) to the School must wear a mask during their time at the School. No exceptions can be made.
- Staff are asked to respect the updated protocols that have been put in place by the local authorities. In particular, Staff are asked not to attend large events that could increase their risk of becoming infectious.

This policy will be kept continuously updated.
